#### PARTNER OPERATIONS

### LS First Referral Partner Program - NEW

We are happy to announce the launch the LS First Referral Partner program. It was created to help our partners build a relationship with the LS First team, who extend the Dynamics 365 Finance and Operations solutions for a similar stack of the verticals offered via LS Central. This is an opportunity for the Partner Community to work with both LS Central and F&O as options for the customer. We want you to be able to offer an Introduction to LS First and be compensated for a closed referred opportunity.

[Further information and referral form are here.](#)
