

## News and updates from LS Retail

### PARTNER OPERATIONS

### ***New Bridge to the Cloud promotion***

Following the expiration of the Current Bridge to the Cloud (BTC) Promotion on **December 30, 2022**, a new Bridge to the Cloud 2 (BTC2) promotion will be available as of January 1, 2023.

We would like to remind all CSP-EP customers of the [option of moving to BTC](#) to get 4 more years. Please contact licenses if your CSP-EP customer wants to move over to BTC since some updated calculations might be needed to cover the Enhancement plan. CSP-EP customers are **not** eligible to move to the new BTC2 Promo.

The new BTC2 offer provides a 40% discount for a fixed 3- year term that is non-renewable/non-cancellable and is ordered via the New Commerce Ordering platform. [See full announcement.](#)

### **Subscription management in Business Center**

Please note that as of **December 1, 2022**, we will no longer notify partners through Jira cases that subscription renewal has been processed and invoices posted.

Partners have full overview of their licenses in Business Center and can see when licenses are to be renewed, as well as having access to all information pertaining to subscriptions (such as subscription Start and End Dates, Next Billing date, and Billing Frequency).

Please contact [licenses@lsretail.com](mailto:licenses@lsretail.com) if you have any questions regarding the above. [See full announcement.](#)

### LS RETAIL ACADEMY

### **New on-demand training now available**

Check out the latest course available on the learning platform:
